Kettlethorpe High School recognises that the efficient management of its records is necessary to comply with its legal and regulatory obligations and to contribute to the effective overall management of the school. This document provides the policy framework through which this effective management can be achieved and audited.

Scope of the policy

This policy applies to all records created, received or maintained by staff at the school in the course of carrying out its functions.

- Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronically.
- A small percentage of the school's records will be selected for permanent preservation as part of the institution's archives and for historical research.

Responsibility

- The school has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The Headteacher has overall responsibility for this policy.
- The person responsible for records management in the school will give guidance for good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and timely.
- Individual staff and employees must ensure that records for which they are responsible are accurate, and are maintained and disposed of in accordance with the school's records management guidelines.

Relationship with existing policies

This policy has been drawn up within the context of:

- Data Protection Policy
- and with other legislation or regulations (including audit, equal opportunities and ethics) affecting the school.

Safe disposal of records

Where records have been identified for destruction they should be disposed of in an appropriate way. All records containing personal information, or sensitive policy information, should be shredded before disposal using a cross cut shredder. Any other records should be bundled up and disposed of to a waste paper merchant or disposed of in other appropriate ways. Do not put records in the dustbin or a skip.

There are companies who can provide confidential waste bins and other services which can be purchased to ensure that records are disposed of in an appropriate way.

The Freedom of Information Act 2000 requires the school to maintain a list of records which have been destroyed and who authorised their destruction.

Members of staff should record at least:

- File reference (or other unique identifier).
- File title (or brief description) and number of files.
- The name of the authorising officer and the date action taken.

This should be kept in an Excel spreadsheet or similar suitable format.

Transfer of information

Where lengthy retention periods have been allocated to records, members of staff may wish to consider converting paper records to other media. The lifespan of the media and the ability to migrate data where necessary should always be considered.

School closure

Should the school close there will be records which will need to be stored until they work out their statutory retention periods.

It is the responsibility of the Local Authority to manage these records until they have reached the end of their administrative life and to arrange for their disposal when appropriate. There may be a number of different reasons why a school has closed and this may affect where the records need to be stored.

- If the school has been closed and the site is being sold or reallocated to other use then the LA should take responsibility for the records from the date the school closes.
- If two schools have merged onto one site and then function as one school, it is sensible to retain all the records relating to the two schools on the one site.
- If Kettlethorpe High School closes and subsequently becomes an Academy, the records relating to the current pupil intake will be transferred to the Academy, but all other records become the responsibility of the LA.

Retention guidelines

The following retention guidelines have been issued by the Management Society of Great Britain 'Retention Guidelines for Schools'. Some of the retention periods are governed by statute. Others are guidelines following best practice. Every effort has been made to ensure that these retention periods are compliant with the requirements of the Data Protection Act 2018 and the Freedom of Information Act 2000.

Managing record series using these retention guidelines will be deemed to be 'normal processing' under the legislation mentioned above. If record series are to be kept for longer or shorter periods than laid out in this document the reasons for this need to be documented.

Child Protection

Basic file description	Data Protection Issues	Statutory Provisions	Retention Period	Action at the end of the administrative life of the record
Child Protection files	Yes	Education Act 2002, related guidance "Safeguarding Children in Education", September 2004	Date of leaving + 25 years	*Shred Child Protection information must be copied and sent under separate cover to new school/college whilst the child is still under 18 (the information does not need to be sent to a university) Where a child is removed from roll to be educated at home, the file should be copied to the Local Authority.
Allegation of a child protection nature against a member of staff, including where the allegation is unfounded	Yes	Employment Practices Code: Supplementary Guidance 2.13.1 (Records of Disciplinary and Grievance) Education Act 2002 guidance "Dealing with Allegations of Abuse against Teachers and Other Staff" November 2005	Until the person's normal retirement age, or 10 years from the date of the allegation whichever is the longer	Shred The following is an extract from "Safeguarding Children and Safer Recruitment in Education" p60: "Record Keeping 5.10 It is important that a clear and comprehensive summary of any allegations made, details of how the allegation was followed up and resolved, and a note of any action taken and decisions reached, is kept on a person's confidential personnel file, and a copy provided to the person concerned. The purpose of the record is to enable accurate information to be given in response to any future request for a reference if the person has moved on. It will provide clarification in cases where a future DBS Disclosure reveals information from the police about an allegation that did not result in a criminal conviction. And it will help to prevent unnecessary reinvestigation if, as sometimes happens, an allegation re-surfaces after a period of time. The record should be retained at least until the person has reached normal retirement age or for a period of 10 years from the date of the allegation if that is longer."

Governors

Basic file description	Data Protection Issues	Statutory Provisions	Retention Period	Action at the end of the administrative life of the record	
Principal set Minutes (signed)	No		Permanent	Retain in school for 6 years from date of meeting	Transfer to Archives
Inspection copies	No		Date of meeting + 3 years	SHRED
