

Personal Development Overview at Kettlethorpe High School

'Together, be the best we can be'

Present – Achieving – Excelling

Responsibility – Resilience – Reflectiveness – Respect – Kindness

Personal development at Kettlethorpe High School is not distinct or separate from what they learn. Pupils' personal development is an integral part of our 5-year holistic curriculum. Our British **values-based** personal development curriculum provides pupils with the key social, moral, spiritual and cultural development which all young people are entitled to. Through our **4Rs** and **Kindness Charter** behaviour and personal development curriculum, pupils leave Kettlethorpe High School knowing what it means to be a good citizen, how to live long, happy and healthy lives after they leave; they leave knowing how to live in, and positively contribute to, a world that is both tolerant and proud of diversity in all its forms. Pupils leave equipped with social skills and understanding of what healthy relationships look like. Pupils leave Kettlethorpe High School with a clear understanding of their future career prospects and are ambitious in their choices.

Co-curricular opportunities are many and diverse at Kettlethorpe High School. We believe our co-curricular offer is truly outstanding because we provide opportunities for pupils across a wide range of contexts to experience the world beyond the classroom and to open new horizons, from sports to the creative and expressive arts and beyond. We believe that we are developing the leaders and the visionaries of the future. Our co-curricular offer reflects this belief through the opportunities and experiences we provide and promote.
